Mr. Ebenezer Beesley

New Rochelle, N.Y.

Dear Beesley:

I wish you would stop doing stunts when you crawl up on top of a tall ladder. You might as well realize now that you are not a circus performer. The place for a really true Simon-pure gardener is close to the ground. Of course, if you had dug a deep hole and fallen in and broken your leg, I could have no occasion for calling you down, but to get on the top of a ladder and be mooning about the coins you were going to get in the Jenks sale is utterly reprehensible. I hope, however, that you will not be laid up very long as we would like to see you at the next meeting of the Club so that you can tell us your adventures in high altitudes; and, also, how you like the nurses.

Looking back on the past year, I think you should be devoutly thankful that 1921 is nearly over. Cheer up, old man, and I trust you will get well soon.

Very truly yours,

September 21st, 1923.

Dear Mr. Beesley:

A letter to Mr. Newell, that we have every reason to suspect as coming from you, is at hand. The letter itself was unsigned.

As I told you, it will be necessary to place the matter of the loan of the eight daler Swedish piece before the Council, which has its next meeting about the 12th of October. If this piece goes out it would have to be exhibited in our name and not in the name of the Club.

I doubt if we have ourselves sufficient Roman and Greek coins to make a worthy exhibition. Mr. Newell's coins are not obtainable as he sails for Europe tomorrow.

Very truly yours,

Curator.

Dear Mr. Beesley:

When you were looking at the Exhibition some time ago, you asked me to let you know when we terminated it. We are now beginning to break it up, therefore if you wish to buy anything, I would suggest your coming up here as soon as possible. In view of the important changes of events, it is possible you may not feel so anxious to make any purchases here now!

Very truly yours,

Curator

Mr. Ebenezer Reesley,

New Rochelle, N.Y.

Dear Reesley:

I spoke to Noe yesterday about holding off another year on your dues, and he said it would be all right. He also said that you were going to write him about a Metapontum coin you had.

As you are going to sell your coins, why not offer this to Noe, and at the same time why not send here what Greek coins you may have, putting on them the prices you think you should get for them? We can buy these, or at least sell them for you, probably at better prices than you would get at a sale. Possibly you might want to square your dues in this way. At any rate, think it over.

Very truly yours,

Curator
